Objective:
As a highly motivated and skilled graduate of the Rutgers Coding Bootcamp, I am actively seeking a position as a Junior Web Developer. My strong passion for learning and dedication to staying up-to-date with the latest web development trends drive my enthusiasm for the field. I am eager to leverage my problem-solving abilities, keen attention to detail, and genuine passion for coding to make valuable contributions to a dynamic and collaborative development team.

Education:
- Rutgers Coding Bootcamp, New Brunswick, NJ
Certificate in Full Stack Web Development, [August 2023]

- Eastwick College, Ramsey, NJ
  Graduate, Associate in Applied Science Degree, Major in Surgical Technology
  Dean's List, [08/09/21-08/09/22]
  AST (Association of Surgical Technologists) National Honor Society
  Alpha Beta Kappa National Honor Society

Technical Skills:
- Proficient in HTML, CSS, JavaScript, and modern web development frameworks like React and, Angular
- Strong understanding of front-end development principles and responsive design
- Experience with back-end technologies such as Node.js and Express.js
- Knowledge of database systems like SQL
- Familiarity with version control using Git and GitHub
- Excellent problem-solving and debugging skills
- Effective teamwork and communication skills

Projects:
- **Mood Sync || Github link: Mood Sync Github**
  - Developed a responsive full-stack website using Express.js and Node.js.
  - Implemented an API to take in user input and send back the users mood based on the input information.
  - Utilized the D3 API to take all users emotions and display that information in a bar graph.
- **Portfolio Website || Github link: Portfolio Website Github**
  - Created a personal portfolio website using HTML, CSS, and JavaScript.
  - Designed a responsive layout to showcase projects and skills.
